## DET SOM GÖR RASEN **FANTASTISK** GÖR DEN OCKSÅ UNIK.

Boxern är ett hjälpsamt och barnälskande energiknippe som älskar lek och motion. Det är viktigt att se till att den aktiva boxern får i sig tillräckligt med energi. Det skräddarsydda fodret innehåller aminosyran L-karnitin och en väl avvägd proteinmängd av hög kvalitet som bidrar till att bevara boxerns muskelmassa. När du ger din hund ROYAL CANIN's rasfoder för boxer, ger du honom möjligheten att vara just unikt fantastisk.

Welcome to Fridays at Lilla Torg in central Malmö. We offer Malmö's best American food with a focus on steaks, burgers and ribs!

LILLA TORG 17 – FRIDAYS.SE

# Welcome!

Dear Boxer Friends from home and abroad!

It is a great honor to wish you all welcome to Sweden and ATIBOX 2018!

In the early 80's ATIBOX was in held in Roskilde, Denmark, but not until now - almost 40 years later - ATIBOX has found its way to the Nordic countries again.

Sweden is proud that the ATIBOX member countries have placed their confidence in us as the host and organizer of this World Boxer Show.

Sweden is not only very far north on the world map, it is also an elongated country and distances are big. The City of Malmö was an obvious choice for us. Its multicultural society fits very well with the location of this World Event, which will not only present Boxers from all over the world, but also unite us all in our Love for our breed!

Malmö's geographical location, I hope you have found attractive — with flights connected to Copenhagen, only 30 minutes by train to Malmö. The Ferry connections are many from several European cities, and from Stockholm for example, there are excellent and fast highways to Malmö. We, who live here know ... we often travel to Europe to study other countries' Boxers, visit International Events – such as IPO World Championship, ATIBOX and National Annual Winners shows, wherever in the world they are held.

We are very pleased to welcome you to Sweden, and hope you will be comfortable and enjoy your stay here. We are many who have worked on this Event, and the smallest little detail, could be the most important! The saying that "nothing is better than its weakest link" fits well to the work of implementing ATIBOX 2018.

But without the fantastic support the City of Malmö has given us, ATIBOX in Sweden would not have been possible! The City of Malmö is our main sponsor and supporter! THANK YOU! Without you, no ATIBOX!

A Warm Welcome, let ATIBOX 2018 begin!

*ATIBOX Swedish Management Team*

*Anders Härnman, Maritha Östlund-Holmsten, Tommy Dahlström, and Lotta Johansson, President of the Swedish Boxer Club.*

She has bred 51 litters and 17 Champions to date, incl. an Obedience Champion.

Also several Champions in 2nd/3rd generation of other Swedish and Norwegian lines. She has been on the Board of the southern branch of the Swedish Boxer Club for more than 10 years. Jozef has been the Secretary of the Slovakian Boxer Club during several periods and later its President, being involved in organizing the World Boxer IPO Championship 4times, the World Boxer Championship FH - once, and twice the ATIBOX World Show. # Quality Gradings

Quality gradings means that the confirmation and mental attributes of a dog are assessed and graded in accordance with the specifications of the breed standard, without any comparison being made with other dogs taking part in the class.

The quality gradings given by the judges in the **Baby and Puppy Classes** must correspond to the following definitions:

**VERY PROMISSING** may only be awarded to a boxer which comes very close to the ideal standard of the breed, which is presented in excellent condition, displays a harmonious, well-balanced temperament, is of high class and has excellent posture. Its superior characteristics in respect of its breed permit that minor imperfections can be ignored; it must however have the typical features of its gender.

**PROMISSING** may only be awarded to a boxer that possesses the typical features of its breed, which has well-balanced proportions and is in correct condition. A few minor faults may be tolerated. This award can only be granted to a boxer that shows class.

**SUFFICIENT** is to be awarded to a boxer that possesses the main features of its breed. The good points should outweigh the faults so that the boxer can be considered a good representative of its breed

**NOT PROMISSING** should be awarded to a boxer which corresponds adequately to its breed, without possessing the generally accepted characteristics or whose physical condition leaves a lot to be desired.

The quality gradings given by the judges in the **Youth, Young Boxer, Intermediate, Open, Working, Champion and Veteran classes** must correspond to the following definitions:

**EXCELLENT** may only be awarded to a boxer which comes very close to the ideal standard of the breed, which is presented in excellent condition, displays a harmonious, well-balanced temperament, is of high class and has excellent posture. Its superior characteristics in respect of its breed permit that minor imperfections can be ignored; it must however have the typical features of its gender.

The quality grading **Certificate Quality 'CQ'** is awarded to a dog that is typically and correctly built in every respect, with such outstanding merits and such insignificant faults that it is an excellent example of breeding. 'CQ' can only be awarded to a dog that has received 'Excellent'.

**VERY GOOD** may only be awarded to a boxer that possesses the typical features of its breed, which has well-balanced proportions

and is in correct condition. A few minor faults may be tolerated. This award can only be granted to a boxer that shows class.

**GOOD** is to be awarded to a boxer that possesses the main features of its breed. The good points should outweigh the faults so that the boxer can be considered a good representative of its breed.

**SUFFICIENT** should be awarded to a boxer which corresponds adequately to its breed, without possessing the generally accepted characteristics or whose physical condition leaves a lot to be desired.

**DISQUALIFIED** must be awarded to a boxer which does not correspond to the type required by the breed standard; which shows a behaviour clearly not in line with its standard or which behaves aggressively; which has testicular abnormalities; which has a jaw anomaly; which shows a colour or coat structure that is not according to the breed standard or clearly shows signs of albinism. This qualification shall also be awarded to boxers that correspond so little to a single feature of the breed that their health is threatened. It should furthermore be awarded to boxers that show disqualifying faults in regard to the breed standard. The reason why the boxer was rated DISQUALIFIED has to be stated in the judge's report.

Boxers that cannot be awarded one of the above qualifications shall be released from the ring with the rating:

**CANNOT BE JUDGED.** This rating is to be given to any boxer which does not move, which is lame, which constantly jumps up and down on its handler or tries to get out of the ring, which makes it impossible to assess the gait and the movement or avoids constantly to be examined by the judge and makes it impossible to inspect teeth, anatomy and structure, tail or testicles. This rating is also to be given if traces of operations or treatment can be observed which seem to indicate that the exhibitor wanted to deceive the judge. The same applies if the judge has ample reason to suspect operations that were intended to correct the original condition or feature (e.g.: eyelid, ear or tail). The reason why the boxer was rated CANNOT BE JUDGED has to be stated in the judge's report.

**The four best boxers in each class** are to be nominated to compete for the 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup> and 4<sup>th</sup> place in the Main Ring, provided they have been awarded at least the qualification "VERY GOOD" (or "PROMISING" in baby and puppy classes).
